

Model Available:- X1 CB-12, X2 CB 12

Technical Features

- Inner chamber made SS 304 Stainless steel,
- outer body made CRCA sheet 18 g corrosion resistance powder coated
- Microprocessor Controlled/touch screen,
- Temperature Control
- Range at least 4°C to +37°C.,Adjustable in 1°C intervals.
- Microprocessor/ Touch Screen controlled
- able to thaw 12 Cryo bags
- operating at a pre set and precise temperature of 4 °C
- deep thawing chamber with a stirrer
- Quick Drain Time
- Manufacturing unit compliant with ISO 13485:2003, ISO 9001 9001:2008, CE approved
- Equipment compliant with Electrical safety specification of IEC 60601-1
